

INTRODUCTION

- Cypher 4.0 is the flagship, two-day tech festival of the Rotaract Club of Atria Institute of Technology, set for October 9-10, 2026 in Bengaluru.
- The event unites students, innovators, and tech enthusiasts through workshops, competitions, networking, and interactive sessions.
- It serves as a platform for innovation and collaboration, bridging academia and industry while inspiring future tech leaders.
- Cypher's flagship hackathon has earned international recognition from Rotaract South Asia MDIO as the Best Professional Development Project for the last three versions in Rotaract District 3191, competing with clubs from countries like China, Bangladesh, Nepal, and Sri Lanka, a testament to our dedication to innovation and impactful learning.

WHY YOUR BRAND BELONGS AT CYPHER 4.0

WHY SPONSOR CYPHER 4.0

01. Launch Your Brand's Reach: Put your brand in front of [500+] tech enthusiasts and [5,000+] event visitors, then carry it further to [80,000+] people online through our social media channels.
02. Join the Frontier of Innovation: Stand where developers, designers and changemakers meet to build what comes next. Your brand becomes part of the ideas, prototypes and solutions created over the festival.
03. Invest in Tomorrow's Talent: Support young leaders and future engineers as they learn, compete and grow. Backing one of Bengaluru's most energetic student-run events shows your commitment to skills and community.
04. Build Connections That Last: Meet industry leaders, mentors, innovators and the Rotary community, and turn those conversations into partnerships, hiring pipelines and collaborations that continue long after the event.
